

LA PIZZERIA

A Venture by *Little Italy*

We started our journey in 1989 under the name La Pizzeria in Bundgarden, Pune before continuing as Little Italy from 1995.

Little Italy today is a known and respected brand serving authentic Italian food with a network of over 35 restaurants in India and overseas.

We are now delighted to welcome you to forge a new path with La Pizzeria, on the menu of which we have incorporated a large number of guest favorites from Little Italy as well as added new, which we hope will become integral to the La Pizzeria dining experience.

Our passion for serving classical Italian food, our unwavering commitment towards using only the best, most authentic ingredients and our desire to always give our customers great food and a dining experience they'll want to repeat have driven us since the start and will continue doing so.
